

INTRODUCING...

The World's First Invisible Motorised In-Wall Bracket

Experience the ultimate in motorised minimalism. The Motorised In-Wall Bracket is hidden inside the wall, with only the two brushed stainless steel dress plates visible. It provides the elegance and space saving of a fixed wall bracket, but with 500mm of motorised height adjustment.

Exoskeleton Motorised Wall Bracket

For fixed installations, the CommBox Motorised Wall Bracket is the ideal partner to your CommBox Interactive or Display (up to 90"). With its low profile floor-mount base and full range of height adjustment, it brings peace of mind in safety, broadens installation applications and creates a neat and tidy installation.

elegance Fixed Mobile Stand

Understatedly stylish fixed height mobile stand with pen shelf.

Fits 55 - 86 touchscreens & displays.

MoCoW Tilt Stand

The MoCoW Tilt Trolley can not only raise and lower the screen but also tilt, with the ability to tilt completely flat as a table top. With a black satin finish, the curved base provides a small floorspace footprint and the six high quality castors move easily across various floor coverings.

MoCoW Motorised Stand

All the features of the MoCoW Movable Stand, including curved handles, three mounting positions and a black satin finish, the MoCoW Motorised stand has the additional power to both raise and lower the screen.

MoCoW Moveable Stand

The MoCow Movable Stand is both functional and aesthetically attractive with 3 different mounting options, curved handles for manoeuvring and a black satin finish. The curved base provides a small floorspace footprint and the 6 high quality castors move easily across various floor coverings.

Motorised Stand

Complement your CommBox Interactive or Display up to 90" with our stylish motorised stand. Featuring Mini PC mounting holes, a tidy cable management solution and laptop shelf.

Tilt Trolley

A robust trolley that allows you to raise and lower the screen as well as tilt into a flat table top. Suitable for screens up to 80" in both Interactive and Display. Specifically designed to easily manoeuvre through door ways.

Manual Tilt Trolley

Electrically raise and lower your screen and manually adjust the tilt angle. Can tilt into table top. Suitable for screens up to 80" in both Interactive and Display.
